

The Chemistry Behind Colours...

Shree Pushkar Chemicals & Fertilisers Limited

Launches new Mixed Fertiliser (NPK)

Mumbai, 05th February 2016

Shree Pushkar Chemicals & Fertilisers Limited (SPCF), an integrated player in the manufacture of Dyes and Dye Intermediates launches new Mixed Fertiliser (NPK).

The Company has received a license for manufacture of Mixed Fertilizer (NPK- Nitrogen, Phosphorus, and Potassium) in the state of Maharashtra.

SPCF had commenced commercial operations of a new product under its Fertiliser Division – Mixed Fertiliser (NPK) on 22nd January 2016 in their existing Soil Conditioner granulation plant with a nominal capacity of 20,000 tones p.a.

The Mixed Fertiliser has been launched on 3rd February, 2016 under a marketing tie-up with DCM Shriram and has been launched under the brand 'Shriram Urja Mix' in the state of Maharashtra.

About Shree Pushkar Chemicals & Fertilisers Limited

Shree Pushkar Chemicals & Fertilisers Limited (SPCF) is an integrated player in the Dye Intermediates. Over the years the company has developed a comprehensive business model to utilize all its effluents with expansion into Acid Complex, Cattle Feed supplements and Fertilisers. SPCF today is one of the few Zero Waste Chemical Companies in India.

SPCF successfully completed its IPO process in September 2015 and is currently listed in BSE and NSE. The IPO proceeds are to be employed towards the forward integration of the business into Dyestuff and expansion of the Dye Intermediates division to cater to the new Dyestuff plant.

All the facilities of the company are set up in Lote Parshuram, Maharashtra. The company has marketing tie ups with DCM Shriram and with Shivam Chemicals for Fertilizers and Cattle feed divisions.
